mHITs FINALIST in Mobile Marketing and Advertising Awards 2007

mHITs (pronounced Em-HITS) has been nominated as a finalist in the “m-commerce” category of the Australian Mobile Marketing & Advertising Awards 2007.

“This is the 3rd consecutive year that mHITs has been nominated as a finalist in the awards” said managing director Mr Harold Dimpel. “mHITs fills a much-needed gap in the marketplace for making small value payments and uses sms-only technology to do so”.

The winner of the category will be announced at the awards ceremony to be held in Sydney on 20 September 2007.

The MMA Award for m-commerce recognises an application, business solution, event or campaign where mobile phones have been utilised as an integral component of a financial transaction. The m-commerce category recognises:

- Purchasing of goods and services
- Banking and financial institution applications, services and transactions
- Ticketing
- Sales redemption coupons
- Bar codes
- Payment for mobile content
- Purchase order that directly converted to a confirmed sale
- And any other m-commerce financial transaction
